THE SOUTHSIDE OF UROLOGY 2024

3º SIMPÓSIO DE UROLOGIA

Sexta-feira *Friday* **22 de novembro 2024** | *November 22nd, 2024*

08:00h Opening of the Secretariat

09:00-10:00h **Beyond Oncology**

09:00-09:15h Non-pharmacological prevention of BPH

09:15-09:30h Cognitive dysfunction with anticholinergic medication

09:30-09:45h BPH surgery champions league – Who is the winner?

09:45-10:00h From PCNL to Sepsis: Why and how?

10:00-10:20h **CONFERENCE**

IMAGINE – Implementation of the EAU guidelines on infections

10:20-10:30h **Q & A**

10:30-11:00h Coffee-break and Posters visit

11:00-12:00h **Genes, challenges of transplantation and AI**

11:00-11:15h Genetic testing in urological cancers

11:15-11:30h GU cancer management before and after transplant
Elevated PSA and prostate cancer

11:30-11:45h GU cancer management before and after transplant
Renal masses and RCC

11:45-12:00h Artificial intelligence
Bladder cancer pathological assesement

11:45-12:00h Artificial intelligence
Augmented reality for surgical planning and guidance

12:00-12:15h **Q & A**

12:15-12:45h **OPENING SESSION**

13:00-14:30h Lunch and Posters visit

14:30-15:30h **Prostate cancer I**

14:30-14:45h Biopsy TR vs. TP – Interpreting the RCT's

14:45-15:00h Low-risk Pca: Active surveillance – How to best follow patients
MRI is enough

15:00-15:15h Low-risk Pca: Active surveillance – How to best follow patients
Prostate biopsy is mandatory

15:15-15:30h High-risk Pca – Can PSMA PET/CT spare PLND?

15:30-15:50h **CONFERENCE**

Robotic / laparoscopic surgery: why open surgeons are still necessary?

15:50-16:00h **Q & A**

16:00-16:30h Coffee-break and Posters visit

16:30-17:30h **Bladder and testis cancers**

16:30-16:45h Enhanced recovery after surgery (ERAS) in urological surgery

16:45-17:00h Management of complete clinical response following neoadjuvant
systemic therapy for MIBC

17:00-17:15h Robotic radical cystectomy – State of the art

17:15-17:30h Current role of surgery in metastatic testicular cancer

17:30-17:50h **CONFERENCE**

Organ-sparing radical cystectomy – A myth?

17:50-18:00h **Q & A**

08:00h Opening of the Secretariat

08:30-09:15h **3 best posters and videos – Podium presentation**

09:15-10:30h **Prostate cancer II**

09:15-09:30h Prostate cancer in transgender women

09:30-09:45h Advances in robotic prostatectomy

09:45-10:00h PCa: Doublets or triplets – Seleting the optimal treatment

10:00-10:15h PSMA – Targeted imaging and radioligand therapy
Nuclear medicine physician's perspective

10:15-10:30h PSMA – Targeted imaging and radioligand therapy
Urologist perspective

10:30-10:40h **Q & A**

10:40-11:10h Coffee-break

11:10-11:30h **CONFERENCE**

Robotic surgery – Experience of a centenary urological department

11:30-12:15h **Penile cancer**

11:30-11:45h Role of sentinel node technique

11:45-12:00h Robotic inguinal lymph node dissection

12:00-12:15h Organ sparing treatment options

12:15-12:35h **CONFERENCE**

Dealing with consequences of radical treatment os GU cancers

12:35-13:00h **CLOSING CEREMONY**

ORGANIZATION

HOSPITAL
Garcia de Orta E.P.E.

UNIDADE LOCAL DE SAÚDE
ALMADA - SEIXAL

ORGANIZING COMMITTEE

President Miguel Carvalho

Alexandre Macedo

João Paulo Rosa

Luísa Moreira

Margarida André

Marta Vasconcelos

Nuno Figueira

REGISTRATIONS AND ABSTRACT SUBMISSIONS

www.admedic.pt

Specialists 180,00€

Interns 100,00€

Nurses 60,00€

POSTER & VIDEO

Deadline for Abstract Submission: **October 28th, 2024**
